Target Customer Profile

Proposed prospecting framework | For leadership review

Our ideal customer

A medium to large organisation facing meaningful business or property change, with a substantial workplace requirement and leadership seeking an integrated partner to shape and deliver its next workplace investment.

Target account characteristics

Dimension	Preferred profile
Project potential	$1.5m-$10m; typically 1,000-6,000 m². Larger projects are subject to Director review.
Relevant workforce	Typically 75+ office-based staff affected; an indicator rather than a strict exclusion.
Markets	Melbourne, Adelaide and Perth. Sydney selectively with Director review.
Horizon	Project likely within 3 years; consultant appointment within 18 months.
Client mindset	Workplace is connected to growth, performance, culture, collaboration or talent.
Access	Identifiable local decision-makers with meaningful influence over procurement.
Services	Open to workplace strategy, advisory, design and integrated delivery.

Industry targeting - proposed

Tier 1: Energy and infrastructure; mining and resources corporate/technical offices; technology and telecommunications; engineering and technical professional services.

Tier 2: Defence and advanced manufacturing; life sciences and medtech corporate workplaces; selected financial and corporate services; other corporate professional services.

Director review sectors: Government, education, industry-associated consultants, legal (particularly Tier 1), premium banking and financial services, real estate agencies, standard not-for-profits, hospitals and direct healthcare providers. This reflects the existing Q4 deal criteria, not a blanket ban.

Buying triggers

- Lease event, relocation, consolidation or major refurbishment.
- Headcount growth, acquisition, restructure or new business unit.
- Operational transformation, changing work practices or underperforming workplace.
- Talent, culture, client experience or productivity pressures.
- New engineering, project or manufacturing facility with a substantial office/amenities component.

Prioritise three account stages

Target account: Fits market, size and workplace complexity; build relationships. Active prospect: Has a credible trigger and timing; investigate requirement and access. Qualified deal: Passes the separate mandatory deal criteria; commit pursuit resources.

Suggested prospect prioritisation score (not a deal approval)

Factor	Maximum points
Business/property trigger	25
Project size	20
Timing	15
Decision-maker access	15
Integrated strategic fit	15
Competitive opportunity	10

Suggested interpretation: 75-100 high-priority research; 50-74 investigate; below 50 nurture. This score never overrides a formal NO GO.

One-line positioning

Contour targets organisations with substantial workplace requirements undergoing meaningful business or property change, where leadership needs an integrated partner to shape and deliver a $1.5m-$10m workplace investment.

Basis and status

Proposed targeting refinements based on the Contour Communication Framework draft and Qualified Deal Criteria - revised Q4 2026. Industry tiers, 75-person indicator and scoring model are recommendations requiring leadership endorsement.
